

[UIKit](#) / [UIBarButtonItem](#) / isHidden

## Instance Property

# isHidden

A Boolean that determines the visibility of the item.

iOS 16.0+ | iPadOS 16.0+ | Mac Catalyst 16.0+ | visionOS 1.0+

```
@MainActor
var isHidden: Bool { get set }
```

## Discussion

Set this property to true to hide the item, or false to display the item.
