

[RealityKit](#) / WWDC21 Challenge: Framework Freestyle

## Sample Code

# WWDC21 Challenge: Framework Freestyle

An AR experience that randomly selects a programming framework and maps it onto the user's face.

Download

iOS 15.0+ | iPadOS 15.0+ | Xcode 13.0+

## Overview

### Note

This is a companion project for WWDC21 Challenge [Framework Freestyle](#).

## Configure the Sample Code Project

This project requires an iPhone or iPad with Apple Neural Engine, that's also running iOS 15 or iPadOS 15. It doesn't support running in Simulator.
