

[Speech](#) / SpeechModels

Enumeration

SpeechModels

Namespace for methods related to model management.

iOS 26.0+ | iPadOS 26.0+ | Mac Catalyst 26.0+ | macOS 26.0+ | visionOS 26.0+

`enum` SpeechModels

Topics

Releasing cached models

```
static func endRetention() async
```

Releases all models held by cached recognizer instances. The method does not return until all models are released.

See Also

Asset and resource management

```
class AssetInstallationRequest
```

An object that describes, downloads, and installs a selection of assets.
