Property List Key

iCloud Services Entitlement

The iCloud services used by the app.

iOS 3.0+ | iPadOS 3.0+ | macOS 10.7+ | tvOS 9.0+ | visionOS 1.0+ | watchOS 2.0+

Details

Key

com.apple.developer.icloud-services

Type

Array of strings

Possible Values

CloudDocuments

CloudKit

CloudKit-Anonymous

Discussion

To add this entitlement to your app, enable the iCloud capability and the iCloud Documents or CloudKit service in Xcode.

The value `CloudKit-Anonymous` is only available to App Clips, but App Clips can't use the values `CloudDocuments` or `CloudKit`. For more information on using CloudKit in your App Clip, see [Sharing data between your App Clip and your full app](#).
