# Apple Pay Merchant Token Usage Information API

Add details about your merchant token usage information package.

## Topics

### Essentials

 Adding merchant token usage information

Create directories and add files, images, and localization for your merchant token usage information package.

### Getting the currency amount

`object` `CurrencyAmount`

An amount of money.

### Getting payment details

`object` `AutomaticReloadPaymentDetails`

Details about an automatic reload payment.

`object` `DeferredPaymentDetails`

Details about a deferred payment, such as a hotel booking or a preorder.

`object` `PastPayment`

A past payment.

`object` `RecurringPaymentDetails`

Details about a recurring payment, typically a subscription.

`object UpcomingPayment`

An upcoming payment.

## Getting usage information

`object UsageInformation`

Information about the usage of a merchant token, such as past and upcoming payments.
