

[SwiftUI](#) / [FormStyle](#) / grouped

## Type Property

# grouped

A form style with grouped rows.

iOS 16.0+ | iPadOS 16.0+ | Mac Catalyst 16.0+ | macOS 13.0+ | tvOS 16.0+ | visionOS 1.0+ | watchOS 9.0+

```
@MainActor @preconcurrency
static var grouped: GroupedFormStyle { get }
```

Available when `Self` is `GroupedFormStyle`.

## Discussion

Rows in a grouped rows form have leading aligned labels and trailing aligned controls within visually grouped sections.

## See Also

### Getting built-in form styles

```
static var automatic: AutomaticFormStyle
```

The default form style.

```
static var columns: ColumnsFormStyle
```

A non-scrolling form style with a trailing aligned column of labels next to a leading aligned column of values.
