[Apple Music API](#) / EditorialNotes

Object

EditorialNotes

An object that represents a notes attribute.

Apple Music 1.0+

```
object EditorialNotes
```

Properties

short string	Abbreviated notes shown inline or when the content appears alongside other content.
standard string	Notes shown when the content is prominently displayed.
name string	Name for the editorial notes.
tagline string	The tag line for the editorial notes.

Discussion

Notes may include XML tags for formatting (for bold, <i> for italic, or
 for line break) and special characters (& for &, < for <, > for >, ' for ', and " for ").
