

[FinanceKit](#) / [FinanceStore](#) / saveOrder(signedArchive:)

Instance Method

saveOrder(signedArchive:)

Adds an order to the store or updates an existing order.

iOS 17.0+ | iPadOS 17.0+ | Mac Catalyst 17.0+

```
func saveOrder(signedArchive: Data) async throws -> FinanceStore.SaveOrderResult
```

Discussion

Data must be the archive data of a valid, signed order.
