Getting Started as an Apple News Publisher

Provide information about your publication and choose how to publish content.

Overview

Before you can publish content to Apple News, you must submit information about your publication and samples of your content to the Apple News team.

Decide How to Publish to Apple News

Choose the process that works best with your publishing model, your content management system (CMS), and your business:

- Use the [Apple News API](#) to deliver and publish Apple News Format articles to News.
- Work with [Apple News preferred providers](#).
- Use a third-party solution from the table below.

CMS	Third-Party Vendor
WordPress (plug-in)	Alley Interactive
Drupal (plug-in)	Project Ricochet
Drupal (plug-in)	Chapter Three
Craft CMS (plug-in)	Pixel & Tonic
ExpressionEngine (plug-in)	Hop Studios
