API Collection

# Merchant ID

Manage your merchant ID for Apple Pay.

## Overview

Apple Pay developers and merchants can use this resource to automate registering both merchant ID and merchant name for interacting with Apple Pay services, and rotate required certificates to keep the service active. To learn more about developing and configuring Apple Pay, see [Configure Apple Pay](#).

To learn more about setting up your Apple developer account and implementing Apple Pay in your apps, see [Managing merchant IDs and Payment Processing certificates](#) and [Setting up Apple Pay](#).

### Note

Apple Pay is not available for Enterprise teams.

## Topics

### Managing merchant IDs

- 📄 Managing merchant IDs and Payment Processing certificates  
Create and update certificates so your app uses Apple Pay and Wallet.

#### List merchant IDs

List all merchant IDs for your team.
