Instance Property

repeats

The cadence at which the alarm repeats, if any.

iOS 26.0+ | iPadOS 26.0+

```
var repeats: Alarm.Schedule.Relative.Recurrence
```

See Also

Describing an alarm

`var time: Alarm.Schedule.Relative.Time`

The hour and minute at which the alarm alerts, relative to the device's current timezone.

`enum Recurrence`

Describes the cadence at which an alarm will repeat, if any.
