Article

Apple Ads Campaign Management API 3

Apple no longer supports this API.

Overview

> **Note**
>
> As of June 2023, Apple no longer supports the Apple Ads Campaign Management API 3. Endpoints are no longer accessible. Use API 4. See Implementing OAuth for the Apple Ads API.

3.1

Released in May 2020.

Apple Ads Campaign Management API 3 includes:

- Support for Russian currency.

- Two additional required fields for the `Create a Campaign` request payload. See `Get Campaign-Level Reports`.

- Bid insights in `Get Keyword-Level Reports`.
