Type Alias

ObservableObject

A type alias for the Combine framework's type for an object with a publisher that emits before the object has changed.

iOS 13.0+ | iPadOS 13.0+ | Mac Catalyst 13.0+ | macOS 10.15+ | tvOS 13.0+ | visionOS 1.0+ | watchOS 6.0+

```
typealias ObservableObject = ObservableObject
```
