Structure

TupleView

A View created from a swift tuple of View values.

iOS 13.0+ | iPadOS 13.0+ | Mac Catalyst 13.0+ | macOS 10.15+ | tvOS 13.0+ | visionOS 1.0+ | watchOS 6.0+

```
@frozen
struct TupleView<T>
```

Topics

Creating a tuple view

```
init(T)
```

```
var value: T
```

Relationships

Conforms To

```
View
```

See Also

Supporting view types

`struct` `AnyView`

A type-erased view.

`struct` `EmptyView`

A view that doesn't contain any content.

`struct` `EquatableView`

A view type that compares itself against its previous value and prevents its child updating if its new value is the same as its old value.

`struct` `SubscriptionView`

A view that subscribes to a publisher with an action.
