Protocol

AssignedWorkDocumentConfiguration

A type that specifies the score of a document.

iOS 17.4+ | iPadOS 17.4+ | Mac Catalyst 17.4+ | visionOS

```
protocol AssignedWorkDocumentConfiguration : Hashable
```

Topics

Configuring the score

`var manualScore: Double?`

An optional manual score for this work. If `nil`, the work score can be synthesized from the question data and associated annotations.

Required

Relationships

Inherits From

`Equatable`, `Hashable`
